Tasting Notes Richly concentrated aromas of ripe blackberry, dark currant and a hint of blueberry marry with spicy tannins and oak notes. The concentration found in the nose is repeated on the palate. A silken mouthfeel reveals a core of rich mixed berries, juicy cherry and a trace of orange zest woven with integrated warm spices, fine-grained oak and supple tannins. The mouth-filling flavors linger as they expand across the palate. The depth and density of flavors take time to appear. If consumed young, decanting before serving is recommended to allow the full complements of flavors to emerge.

Suggested Food Pairing Enjoy with a meal of braised veal cheeks served with roasted butternut squash polenta and fried leeks, or assorted artisan cheeses and fresh fruit to complete a beautiful meal or as a treat after a long week.
